# KODIAK QUICKGUIDE – Self Assessments

## Overview

The Self Assessments tool allows you to create ungraded sets of quiz questions for students to use to gauge their knowledge. It also allows students to see instructor-created feedback to their answers instantaneously. Self Assessments are most effective when they are linked in the Content section of your course immediately after the materials students are being quizzed on.

## How to Access the Self Assessments Tool

If Self Assessments does not appear on your Navbar, Click Edit Course, Tools, Self Assessments to activate.

## In This Guide

- x  Creating Self-Assessments
- x  Linking Self-Assessments in Content

Creating Self Assessments

## Import Questions from the Question Library

1. Click on the name of the Self Assessment into which you want to import questions.

2. Click Add/Edit Questions.

3. Click Import at the top of the page.

4. For the Import Source, select From an existing collection (Figure 3).

5. For the Source Collection, select Question Library (Figure 4).

6. For the Source Selection, select Collection Root (Figure 5). The questions from your Question Library will appear below these selections.

7. Select the checkboxes next to the questions you want to import.

8. Click Save The questions you selected will now be listed in your Self Assessment.

## Linking Self Assessments in Content

1. In your course navbar, click Content 7.
